A SPACE TO THINK

The unique ambience and medieval setting of The George in Rye provides your very own creative hub away from home. Step through our doors and you'll feel the centuries wrap around you – but with a decidedly modern twist.

Our striking coaching inn, which has welcomed travellers since the 16th century, still exudes the charm of its timbered beams, open fires and rich heritage. Yet alongside the original historic touches sits a fresh, stylish reinvention fully equipped for modern life: a selection of meeting rooms with optional IT and AV services; a buzzing bar serving craft cocktails and local brews; a restaurant where inventive menus celebrate Sussex produce; and at the end of the day, elegant bedrooms with plush, contemporary décor to unwind in.

It is also a brilliant backdrop for ideas to spark. Whether you're hosting a creative workshop, plotting strategy with your team or launching a product or idea and throwing a celebration with impact, The George turns meetings into memorable moments. Think flexible spaces with character, modern amenities, inspired catering and the kind of setting that gets people talking. Whatever your event or the occasion – we can provide the tools to meet your specific needs. Our space. Your way.

ABOUT

OLD WORLD CHARM. NEW THINKING

With its rich history and forward-thinking comfort, The George in Rye offers more than a stay – it's an experience where old-world character meets modern hospitality in the most inviting way.

As the town's original inn and meeting house, The George sits right in the heart of medieval Rye. Back in 1778, when the first coach - "The Diligence" - started its journeys between Rye and London, each way lasted a laborious 16 hours.

Luckily today that journey can be completed in just over an hour. Rye's train station is a comfortable 5-minute walk from our hotel. From there a scenic 20-minute train journey takes you to Ashford International station, which connects to London St Pancras on the high-speed link in 38 minutes.

The George has always been at the heart of Rye life, and today it blends its storybook past with a cosmopolitan edge. Your guests can find inspiration in serene, design-led spaces, enjoy high-speed connectivity (WIFI throughout) and spa-style bathrooms, or simply curl up in a fireside armchair and soak up the atmosphere. The hotel shows how heritage and innovation can live side by side.

THE BALLROOM

A LEGACY OF STYLE

This magnificent space, with its lofty ceilings and meticulous design, instantly inspires. Originally built in 1818 as an assembly room for farmers who came to market, the Georgian Ballroom was painstakingly restored in 2019 focusing on craft details, such as the hand-painted 'St. Laurent' chinoiserie wallpaper by de Gournay. There is even a minstrels' gallery, which is perfect for delivering speeches or as a stage for live musicians.

In keeping with our focus on sustainability, the original ballroom floor was carefully salvaged and given a new lease of life downstairs in the waiters' station.

THE GRILL

FUELLING INNOVATION

Literally and metaphorically the beating heart of The George, The Grill restaurant's central location makes it the perfect base from which to start and finish your day. Comprised of 2 dining areas set over two levels, it can be configured differently and booked in whole or part to suit your party's needs and numbers. With The George's unique interior touches, such as the in-built wooden decorative panels (salvaged from??) which act as natural room dividers, and the reclaimed rust-coloured sail cloth on the walls, the whole space is welcoming and elegant, balancing relaxed informality with design flair. An inspirational environment to break bread and share ideas in.

TESTIMONIALS

THEIR WORDS...NOT OURS

Don't just take our word for it. As self-praise is no praise, we have left the last words to the people who know best – our guests. Here are just a few examples of what they say about their experience and time at The George.

We wanted to drop you a note to thank you for our incredible visit and stay at the George last week. Anna and her husband could not have made us feel more welcome, the service was impeccable, the food delicious and the hotel itself just wonderful! Everyone is seriously considering a move to Rye now based on the experience, ha!
Thanks again for making it a home away from home and for making our event so special, we really appreciate it.
Anna, we really appreciate all of the touches you put into making our experience so smooth and working so hard to accommodate our many requests
We hope to visit again soon!

I wanted to drop you a message as I didn't get a chance to see you before leaving, but I wanted to say a huge huge thank you for a truly outstanding experience with the George the last couple of days! Our company is very much customer focussed and so to receive the service we did was very special - it is clearly something in the culture of your team. The level of attention to the tiniest detail in our meeting room, in the refreshments and in our rooms was superb and has left a great impression on us all. The last few days has no doubt been intense with film crews and lots of guests, so to maintain the service is something to be proud of.

I just wanted to take a moment to share some heartfelt feedback following my recent event at The George.

From start to finish, Anna was truly exceptional. With 20 years of experience in hotels and luxury hospitality myself, I came in with high expectations – and Anna surpassed every single one. Her warm personality, attention to detail, and quick, thoughtful communication made the planning process not only seamless but genuinely enjoyable. She consistently went above and beyond, and more than anything, she made me feel truly special – like nothing was ever too much trouble. She is full of sincere joy doing her job!

On the day itself, Elton was equally fantastic. He ran everything with such calm professionalism, an eye for detail, and a friendly, can-do attitude that didn't go unnoticed. The team worked in perfect harmony under his lead, and it made for a smooth and memorable experience.
