WHERE BUSINESS MEETS PLEASURE

WELCOME

A SPACE TO THINK

The unique ambience and medieval setting of The George in Rye provides your very own creative hub away from home. Step through our doors and you'll feel the centuries wrap around you – but with a decidedly modern twist, and only an hour away from London.

Our striking coaching inn, which has welcomed travellers since the 16th century, still exudes the charm of its timbered beams, open fires and rich heritage. Yet alongside the original historic touches sits a fresh, stylish reinvention fully equipped for modern life: a selection of meeting rooms with optional IT and AV services; a buzzing bar serving craft cocktails and local brews; a restaurant where inventive menus celebrate Sussex produce; and at the end of the day, elegant bedrooms with plush, contemporary décor to unwind in.

It is also a brilliant backdrop for ideas to spark. Whether you're hosting a creative workshop, plotting strategy with your team or launching a product or idea and throwing a celebration with impact, The George turns meetings into memorable moments. We can provide the tools to meet your specific needs. Our space. Your way.

TESTIMONIALS

THEIR WORDS...NOT OURS

Don't just take our word for it. As self-praise is no praise, we have left the last words to the people who know best – our guests. Here are just a few examples of what they say about their experience and time at The George.

We wanted to drop you a note to thank you for our incredible visit and stay at the George last week. Anna and her husband could not have made us feel more welcome, the service was impeccable, the food delicious and the hotel itself just wonderful! Everyone is seriously considering a move to Rye now based on the experience, ha! Thanks again for making it a home away from home and for making our event so special, we really appreciate it. Anna, we really appreciate all of the touches you put into making our experience so smooth and working so hard to accommodate our many requests. We hope to visit again soon!

I wanted to drop you a message as I didn't get a chance to see you before leaving, but I wanted to say a huge huge thank you for a truly outstanding experience with the George the last couple of days! Our company is very much customer focussed and so to receive the service we did was very special - it is clearly something in the culture of your team. The level of attention to the tiniest detail in our meeting room, in the refreshments and in our rooms was superb and has left a great impression on us all. The last few days has no doubt been intense with film crews and lots of guests, so to maintain the service is something to be proud of.

I just wanted to take a moment to share some heartfelt feedback following my recent event at The George.

From start to finish, Anna was truly exceptional. With 20 years of experience in hotels and luxury hospitality myself, I came in with high expectations – and Anna surpassed every single one. Her warm personality, attention to detail, and quick, thoughtful communication made the planning process not only seamless but genuinely enjoyable. She consistently went above and beyond, and more than anything, she made me feel truly special – like nothing was ever too much trouble. She is full of sincere joy doing her job! On the day itself, Elton was equally fantastic. The team worked in perfect harmony under his lead, and it made for a smooth and memorable experience.

Just wanted to write and thank you SO much for looking after the team over the last few days. The feedback from them was that they loved staying at The George, were so well looked after, the food was incredible, the bedrooms stunning and the meeting rooms and facilities just perfect. They all said how wonderful you were. Thank you for making it such a memorable stay for them. You are a pleasure to work with.
